— The arts—and the National PTA Reflections program—support student success and serve as a valuable tool for building strong partnerships in your school community. Celebrate arts learning in your school community with Reflections.

**ABOUT REFLECTIONS**

Reflections has been a staple arts program in many schools for 50 years. Through the efforts of our Local PTAs, millions of students have found a creative outlet in the areas of dance choreography, film production, literature, music composition, photography, and visual arts.
